Coaches/Managers,

Below is the field lining schedule for Spring 2019. Each team is responsible for providing a volunteer(s) on their specified weekend. With a single volunteer, each field should take less than 30 minutes. With two volunteers, less than 20 minutes. All fields must be lined by 9:00 AM Saturday and they must be lined RAIN OR SHINE. Carts and paint can be picked up either Friday night or Saturday morning. Please pick up the paint and cart(s) at 81 Crane Circle. Each field requires one case (6 cans) of paint. Empty cans should be thrown away. A short instructional video is available at: <https://www.youtube.com/watch?v=DeniKokwJho>.

Field lining tips:

- The long direction of the nozzle should point “left-right” (not “forward-backward”) in the cart;
- If the lines are faint, try viewing them from a different direction;
- If the nozzle pops off, typically it can be popped right back on;
- Quarter circles at the corners are done by hand;
- The arc and center circle are done with the cart;
- Don’t forget the penalty spots (dots of paint);
- The carts won’t allow you to paint right up to the goal posts - please complete by hand;
- Please take your time - a thicker coat is always better than a thin one.

Coaches/managers, please communicate to your team the appropriate date and field and ask your volunteers If you have any questions, please do not hesitate to contact the New Providence Soccer Club’s Secretary, [secretary@npsoccerclub.org](mailto:secretary@npsoccerclub.org). Thank you for your support in maintaining our fields.
